

MEDICAL MICRO- DERMABRASION FACIAL

Parisian Peel

Parisian Peel is the most trusted gentle, non-invasive skin rejuvenation therapy available today. Parisian Peel Medical Microdermabrasion uses a directed stream of micro-crystals, combined with vacuum to rejuvenate the skin. Parisian Peel is a powerful but gentle anti-aging procedure that exfoliates, refreshes and renews your skin. It is an effective therapy that, when used alone, or in combination with surgery, facials, moisturizing treatments and chemical peels reduces the appearance of fine lines, sun damage, brown spots, acne scars and other imperfections. Parisian Peel can bring a new vibrant glow to your skin that is fresh, vital and rejuvenated. Parisian Peel Microdermabrasion Facial includes any needed extractions, customized chemical peel, enzyme, facial mask or hydration treatment.

Cost:

- \$160 single treatment
- \$600 Series of 4
- \$185 single treatment microdermabrasion and dermaplaning
- \$700 Series of 4
